TO INVESTIGATE OFFICIALS.

Cleveland City Council Wants Light on Members of 4th Body.

Cleveland, July 1.—The city council has adopted a resolution to investigate the recent official acts of its members. The investigation will be by a council meeting. The alleged offer of a bribe of \$5,000 to members is said to be the cause for the resolution.

Charged With Killing Stepdaughter.

Burlington, Kan., July 1.—Mrs. Edward Edwards has been arrested charged with the murder of Viola Gladys Edwards, her four-year-old stepdaughter. The coroner's jury found that the child came to its death by being stamped and trampled on by Mrs. Edwards. The woman, who is in jail here, says a strange man killed the child. The prisoner is Edwards' third wife. The child was adopted by Edwards' second wife.

LAST OBSTACLE GONE

HOUSE OF REPRESENTATIVES IS NOW READY FOR FINAL ADJOURNMENT.

MANY BILLS ARE PASSED

From Noon Until Late in the Night the Lower Body Works at High Pressure Disposing of Business. Conference Report on the Philippine Civil Government Bill Agreed to. Warm Discussions in the Senate.

Washington, July 1.—With final adjournment probably at hand, the house worked at high pressure from noon until far into the night. As a preliminary several resolutions were adopted to grease the legislative wheels. The rule providing for the printing of conference reports before consideration was suspended until the end of the session and a resolution was adopted making a motion to suspend the rules in order at any time. The house then got down to business.

The conference on the Philippine civil government bill, which is considered the last obstacle in the way of adjournment, was adopted by a strict party vote with the single exception of Mr. McCall of Massachusetts, who voted with the Democrats. A partial report on the general deficiency appropriation bill was adopted, and, after a prolonged fight, the house, by a vote of 118 to 101, accepted the senate amendments to appropriate \$500,000 for the Buffalo exposition and then sent the bill back to conference. The senate amendments to appropriate \$160,000 for the Charleston exposition and \$1,000,000 to pay the Hawaiian fire-bombic plague awards was defeated, the former by a vote of 71 to 118.

Subsequently, at the night session, the house reversed itself and assented to the senate amendment making an appropriation for the Charleston exposition.

A number of bills were passed under suspension of the rules, including the senate bill to allot lands in the Cherokee nation and to provide corporation laws for Alaska.

At the evening session the Dick militia bill, which is to be used as a stop gap for the remainder of the session while the house is waiting for conference reports, was taken up.

The adjournment resolution is to be withheld until the conference report on the Philippine bill is adopted by the senate.

ANNEXATION OF CUBA.

Senator Elkins Makes an Earnest Address in Its Favor.

Washington, July 1.—Hot words passed between Mr. Bailey of Texas and Mr. Beveridge of Indiana on the floor of the senate, and after adjournment was followed up by a physical assault by the Texas senator on the senator from Indiana. Mr. Bailey criticised the state department for its handling of the case of an American citizen, Dr. Scott, and reflected on the competency of Judge Penfield, solicitor of the department.

The trouble grew out of a resolution offered by Mr. Bailey calling for the papers in a Mexican mining case, in which he maintained that Dr. Scott had been unfairly treated, not only by the Mexican courts but also by the American ambassador, Mr. Clayton, and the officials of the state department. Mr. Bailey declared Ambassador Clayton was either incompetent or dishonest, and his remarks led to some tart rejoinders.

Early in the session Mr. Elkins of West Virginia delivered an earnest speech in favor of the annexation of Cuba, maintaining that it would be to the best interests of both countries.

Mr. Elkins' remarks drew a sharp fire from Mr. Platt of Connecticut and Mr. Hanna of Ohio, who deprecated any annexation proposition at this time, and urged that the United States ought to be sensible of its obligations to the civilized world, if not to Cuba. After a lively colloquy, in which General Wood was criticised by inference, for using Cuban funds to advance the reciprocity propaganda, Mr. Elkins' resolution for annexation was referred to the Cuban resolutions committee.

Among the many bills passed was one giving Rear Admiral Schley the pay and allowance of a rear admiral on the active list of the navy.

Boer Prisoners Recaptured.

Hamilton, Bermuda, July 1.—The Boer prisoners who recently escaped from the camp on Burt's Island have been recaptured. The prisoners on the several islands in the harbor are now quiet and the privilege of leaving the island on parole, which was curtailed as a result of the recent unruliness, has been restored.

United States Marshal Dismissed.

Boise, Ida., July 1.—United States Marshal Frank C. Ramsey has been summarily dismissed from office. The cause is not known here. The marshal denies that there is any discrepancy in his accounts. Judge Beatty will appoint a marshal to serve temporarily.

A full line of Diamond and Seal of Minnesota Buggies, in large variety, at Hessel's, corner of Fourth and Front streets.

AFTER THE SMELTER TRUST.

Colorado Begins Proceedings in the State Supreme Court.

Denver, July 1.—Proceedings on behalf of the state of Colorado to dissolve the smelter trust were started in the state supreme court during the afternoon. In a voluminous complaint filed by Attorney General Post it is set forth that the American Smelting and Refining company and several other smelting concerns are in a combination to restrict competition in the smelting business; that the results of the monopoly are injurious to the industries of the state; that it is violating the laws, and that it is paying unreasonable dividends upon excessive and fictitious capitalization.

The complaint asks that all of the defendants be adjudged to have forfeited their rights to do business in the state and that they be ousted and forever excluded from doing business in the state, and that a receiver be appointed to take charge of their property.

The filing of the proceedings was withheld until the defendants can be informed of the contents of the complaint.

SUSPENDED FROM POLES.

Filipinos Bring in the Mutilated Bodies of Two Murderers.

Manila, July 1.—Two of the Moros who murdered Private Lewis have been killed while resisting arrest. Dato Adta Adma promised Colonel F. D. Baldwin of the Twenty-seventh infantry, who is in Mindanao, that he would deliver the murderers of Lewis when they were captured. The mutilated bodies of the two Moros were consequently brought into the American camp suspended from poles.

A patrol of native constabulary was attacked June 23 by forty Igorrote tribesmen at Bagabag, province of Nueva Viscaya, Northern Luzon, and a running fight ensued.

The last of the bandits operating in the island of Leyte have surrendered. The Leyte authorities have asked that the ports of the island be again opened to commerce.

CONFESSES TO MURDER.

One of a Trio Admits Killing a Mail Clerk at Council Bluffs, Ia.

Council Bluffs, Ia., July 1.—Otto W. Roderick of South Omaha caused a sensation at the inquest over the remains of Clark Moyer, a mail clerk, whose dead body was found on the street Sunday morning, by confessing that he and two companions killed Moyer by beating him to death. Roderick was the first witness called. He said that his party met Moyer on the street and that the latter passed an insulting remark. Roderick then struck Moyer in the face with a club, from the effects of which he died.

Roderick is under arrest and the police are looking for his companions.

RIDDLED WITH BULLETS.

Sheriff and Deputy Killed by Horse Thieves in Oklahoma.

Guthrie, Okla., July 1.—Sheriff A. J. Bullard and Under Sheriff Coburn of Roger Mills county, Okla., were killed in a battle with horse thieves while the officers were attempting to arrest members of the band of outlaws. The fight lasted for thirty minutes, the outlaws finally surrounding the two officers and riddling them with bullets. The entire band made its escape, supposedly uninjured, although the sheriffs put up a plucky fight.

Suspicion points to the Bert Casey band, as they have been operating in that portion of the territory.

INCREASE THE RURAL GUARD.

President Palma Wants 2,438 Enlisted Men.

Havana, July 1.—A project from President Palma to increase the rural guard of Cuba to 2,438 men at an annual cost of \$1,450,000, was read in the senate during the day.

Senator Cabello argued that the project came in the form of a proposal of law which, he said, was unconstitutional, as coming from the chief executive. He moved that the project be returned. It was decided, however, to take the matter under consideration merely as a recommendation and not in the sense of a project of law.

PACIFIC CABLE CONFERENCE.

Another Proposition Made by Commercial Pacific Cable Company.

Washington, July 1.—An important conference was held at the navy department at which Secretary Moody, Rear Admiral Bradford, chief of the bureau of equipment, and Senator Perkins of California, a member of the committee on naval affairs, were present. These gentlemen had before them a proposition of the Eastern Extension Telegraph company, acting. It is understood, through the Commercial Pacific Cable company, by which the company would agree to finish its work of laying a cable across the Pacific ocean a year earlier than was contemplated and give this government the benefit of reduced prices in exchange for the benefit developed in the surveys made by the United States steamship Nero in 1899 for a practicable submarine cable route across the ocean.

The proposition was discussed at some length and Rear Admiral Bradford was charged with personal inspection and consideration of the matter. He probably will report favorably on the company's offer in a few days.

Missing Teachers May Be Alive.

Manila, July 1.—There is a possibility that the four American teachers of Cebu, who have been missing since June 10 are alive. A native, who was made prisoner by the constabulary of Cebu, says the four teachers were prisoners in the mountains of the island on June 23.

HUMOR OF THE HOUR

Influence of Food.
"What do you think of the theory that food has a potent influence in determining character?" asked Mr. Smithfield as he put three lumps of sugar in his coffee.

"I guess it's all right," replied Mr. Wood as he severed a portion of his beefsteak. "It always seems a little cannibalistic to me when you order lobster."

"Well," retorted Mr. Smithfield good humoredly, "I ought to have known it was dangerous to lend you money after I discovered your fondness for beets. But, seriously, if there were anything in the theory, wouldn't it make a man sheepish to eat mutton?"

"It would, and prizefighters ought to restrict themselves to a diet of scraps,"—Pittsburg Gazette.

News From the Campus.

"John writes that he's doin' fine at college this year?" said the old man.

"You don't say?"

"Yes; writes jest as easy in Latin as he swears in English. Other day he gave a Greek dinner in my honor."

"Wuz you thar?"

"Oh, no!"

"Well, whar did you come in?"

"Paid fer it in English!"—Atlanta Constitution.

Consoling.

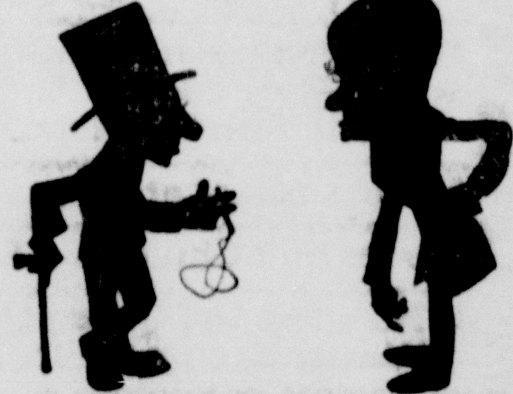

"Charley, dear," said Mrs. Torkins, "that horse you bet on—"

"There's no need of bringing the matter up. I know that my judgment was very bad and all that."

"Oh, I wouldn't take it to heart! Th horse might have been beaten worse. You must give him credit for getting around at the head of the horses that were entered for the following race."—Washington Star.

"Paid fer it in English!"—Atlanta Constitution.

A Failure.

"I understand, sir, that you have never suffered from a failure."

"You are mistaken. I have a son in college."

Why He Was Anxious.

"But," she answered convincingly, "he has a hyphen to it, you know."—Chicago Record-Herald.

His Suggestion.

"I want to get a wedding present; something striking," said the female shopper.

"Yes, madam," replied the affable salesman. "How would a clock do?"—Philadelphia Record.

UNION PACIFIC STRIKE

MACHINISTS ON THE ENTIRE SYSTEM WALK OUT OF THE SHOPS.

ORDER GENERALLY OBEYED

Their Demand Is for an Increase of

Ten Per Cent in Wages and the Abolition of the Recently Adopted

Piece Work System—Train and Engine Men Will Not Be Drawn Into the Struggle.

Omaha, July 1.—In accordance with a prearranged plan, a formal order was issued early in the day for a general strike of the Union Pacific machinists by Vice President T. L. Wilson of the International Association of Machinists, which went into effect at 10 o'clock. Their demand is for an increase of 10 per cent in wages, and that the company abandon the recently adopted piece work system. The order was generally obeyed. Already the number of men at work had been greatly depleted by the closing down of shops at Omaha, Cheyenne, North Platte, Armstrong, Kan., and the curtailment of work at a number of small shops by the company. The machinists have been paying strike benefits to 1,700 men.

Reports were received at railroad headquarters by General Manager Dickinson that the men at Grand Island, Neb., and Evanston, Wyo., had refused to strike. Mr. Wilson said this was because the men misunderstood the strike order, and added it would require the greater part of the week to get all the men out. He also stated that Grand President O'Connell would be here in a short time to lend his assistance.

President Kennedy of the local organization of boilermakers said that there were but three boilermakers at work on the entire system. It is apparent that train and engine men will not be drawn into the strike. Leaders of these branches of the service say it is not their fight. The machinists say they do not expect to ask any assistance. Pickets will be placed at shops and passenger depots to keep the officers of the union notified of the arrival of new men, and at all the large cities committees will keep the local labor officials notified if new men are hired to come to this city. Both sides are confident of victory and have made plain through the press their position in the strike.

There has been no disturbance here. At Cheyenne a boilermaker named Carlson was assaulted. The machinists sent a committee to Evanston, Wyo., at which place the men voted not to strike. The committee expects to have the machinists out at that point in a day or two.

REJECT THE CONCESSIONS.
Railway Freight Handlers at Chicago Likely to Strike.

Chicago, July 1.—Unless the general managers of the railroads reverse their announced decision in regard to a new scale of wages 10,000 freight handlers will in all probability quit work during the morning in all the railroad warehouses and freight sheds in Chicago. If the freight handlers strike it is highly probable that other unions will be drawn into the struggle through sympathy. Officers of all the railroads replied to the demand of the freight handlers for more wages. The answers were almost uniform, each of the companies submitting an amended scale of wages to go into effect after three months. The men refused to consider the concessions of the railroads and declare that unless they are granted better terms they will quit work. From the railroads it was learned that all have determined not to make any further concessions.

MITCHELL IN CHICAGO.

Knows Nothing of a Move to Settle the Anthracite Strike.

Chicago, July 1.—President John Mitchell of the United Mine Workers of America, who is in Chicago, held a conference with Secretary Ryan of the Illinois Mine Workers' union and President Reese of the Iowa Miners' union. Mr. Mitchell said the conference concerned only the miners of Illinois and Iowa and had no connection with the strike in the anthracite fields of Pennsylvania. Mr. Mitchell also held a conference with Commissioner Herman Justine of the Illinois Coal Operators' association and adjusted several differences between Illinois operators and miners. Regarding the report that a movement had been started to settle the anthracite coal strike, President Mitchell claimed to know nothing.

Alabama Miners on Strike.

Birmingham, Ala., July 1.—Over twelve thousand miners struck during the day in the Birmingham district. At a recent meeting of the operators and miners the latter demanded an eight-hour day, a two weeks' pay day and 60 cents per ton as the maximum price for mining coal, an increase of 5 cents. The operators refuse to grant these concessions.

Bill Posting Crew Injured.

Richmond, Ind., July 1.—Six men of a circus bill posting crew were badly bruised and cut up in a collision near Bradford Junction, O. Their car was attached to a freight train which broke in two near Bradford Junction. In coming together the circus car was wrecked and the men, who were in their berths, were thrown out.

Marshalltown, Ia. Shopmen Strike.

Marshalltown, Ia., July 1.—Two hundred employees in the Iowa Central railroad shops have walked out. Machinists, boilermakers and helpers and blacksmith helpers are involved. The boilermakers want ten hours' pay with nine hours' work, while the helpers want 25 cents more a day.

REPUBLICANS

GET TO WORK.

SPECIAL TO THE DISPATCH.

ST. PAUL, July 1.—The Republican state convention was called to order shortly after noon. Senator Nelson, temporary chairman, spoke about an hour. The committees were named and a recess was taken until 2:30 o'clock.

Guests Pass With Glaciers.

Hotel keepers in the Alps have a new trouble and are complaining of the loss of patrons, who are moving away from the glaciers. Yes, the attractive glaciers are actually passing from the landscape, and as they recede the hotels along their borders find that their registers are shortening.

These glaciers are not running away by any means, but they are deteriorating slowly with a persistency that means their final annihilation. Hotels that a few years ago stood very near to a great river of slowly moving ice now find themselves a considerable distance away, and the attractiveness of the site is lessened.

The famous glaciers of the Rhone have shrunk 3,000 feet in the last twenty years, or about 110 feet a year. A number of the well known glaciers approximate this diminution, and the scientific fact is established that these reminders of the great glacial period are surely disappearing.

Placing Himself.

One day a drill sergeant in the British army had a number of recruits to drill and wanted the married men separated from the single ones, so he formed them in a line and gave the word of command, "Single men advance and married men fall back in the rear!"

All took their positions except one, an Irishman, who stood still. The sergeant asked the reason why he had not moved, but no answer came from Pat.

"Come, my man, are you married?"

"No," replied Pat.

"Then you are single?"

"No."

"Then what are you?"

"I am courtin' Biddy," was the reply.

A Question of Dinner Time.

A cardinal who commanded the troops of Pope Boniface IX. in the march of Acona, finding himself on one occasion in a position in which he must conquer or die, promised his soldiers that if they secured the victory those who fell should dine that very day with the angels. They marched to the combat with alacrity, but finding that the cardinal was careful not to expose himself, "How is it," said one of them, "that you show no anxiety for the celestial banquet to which you have invited us so warmly?" "Because it is not yet my dinner time, and I am not hungry."—All the Year Round.

The First Knitting Machines.

In the reign of Queen Elizabeth first mention is made of hand knitting. William See in 1589 invented the first knitting machine, called a knitting frame or stocking frame. He was refused a patent in England and went to France and established a factory at Rouen. This machine was introduced into the United States shortly after the Revolutionary war, was modified and improved by a Yankee and a factory established at Cohoes, N. Y., in 1832.

A Startling Metaphor.

For a "startling metaphor" take Sydney Smith's when he saw a little girl stoop down and stroke the shell of a turtle.

"Why are you doing that, Belle?" he asked.

"To please the turtle."

"My child, you might as well stroke the dome of St. Paul's to please the dean and chapter."

An Old Smallpox Cure.

The following primitive "cure" for smallpox has been discovered by the Leytonstone (England) Guardians in one of their registers for the year 1700: "Take thirty to forty live toads and burn them to cinders in a new pot; then crush into a fine black powder. Dose for smallpox, three ounces."

His Cleverness.

The Lady—Jack, why don't you write a book or paint a picture or do something clever?

The Gentleman—Because I selected a millionaire for a father, and I think that was clever enough to last a lifetime.

A Bit of Information.

The London Chronicle casually drops the bit of information that the people of Missouri are called Pikes, "after their great peak." Thus is American history made in the English papers.

A Slight Difference.

Collector—I left a bill here yesterday for some shirts your husband got. Did he look it over?

Lady of the House—No; he overlooked it.

Arranging to Turn Over Tientsin.

Meeting of Business Men.

The executive committee of the Crow Wing County Agricultural Society desire to confer with the business men of the city and all others interested in the development of Crow Wing county, in regard to holding a fair this fall, and to that end have called a citizens meeting to be held at the city council room on Thursday morning, July 3rd, at 10:30 o'clock. If the county fair is to be continued, there must be concerted action upon the part of our citizens. The great value of these exhibits in advertising the resources of the county should be apparent to all and everyone should be interested in continuing them, now that the Crow Wing county fair has become an established institution. It is hoped that there will be a good attendance of business men and others at this meeting.

LARGE NUMBER OF WITNESSES HERE

Pillager to Testify in the Election Contest case before Judge McClenahan.

DEFENSE DENY STATEMENTS

Fact that two Idiots Voted Not Mentioned in the Suit at all.

The Bennett-Lasher controversy is being aired this afternoon before Judge McClenahan in chambers. This is the election contest at Pillager, the interested parties both claiming election to the office of mayor at the last regular election. A writ of quo warranto was secured sometime ago and it was made returnable today.

There are a large number of witnesses present at the hearing, in fact nearly all the voters in the village of Pillager. Alderman & Mantor appear for Bennett who contests the seat held by Lasher, and the latter retained Polk & Polk.

The plaintiff seen this morning stated that there was nothing to the statement made that the contest was brought on the ground that two idiots voted. The hearing will be completed this afternoon.

ATHLETIC PARK IMPROVEMENTS.

Large Addition to be Built to the Grand Stand, Work to Commence At Once.

There are to be some needed improvements made at the Brainerd Athletic Park, which will add materially to the convenience of the place, and which will be a step in the right direction for the convenience of those who wish to see the game.

A. A. White, the owner of the park, is in the city today and a deal has been closed with the management of the Brainerd baseball team for an addition of forty feet to the present grand stand. This will give eighty feet of grand stand with a seating capacity of 500 people. This has been a serious drawback to the games at Athletic park this year. Many who would have attended all the games have staid away from the fact that they did not want to go out and stand up. It will be different from date and it is not thought that there will be any further trouble in this connection. The grand stand will be completed by the Fourth of July, when St. Cloud will be here to play two games with Brainerd, one in the morning at 10 o'clock and the other in the afternoon at 2:30. Contractor Rowley has been engaged by Mr. White to do the work and Mr. Rowley had seven men at work on the new structure this morning.

The diamond is also going to be leveled off and put in good shape for the two great games can be seen on the Fourth.

A "Lot" of Land.

A Hartford lawyer is of the opinion that the term "lot" as applied to a parcel of land is an American product, not derived from any other uses of the word. He says: "I have been reading up some of the old histories of my state, of Long Island and other colonial sections recently, and I find that the term 'a lot of land' was originated in the colonies; that it is today considered an Americanism and stands apart from other uses of the word. It originated from the custom of dividing grants for townships, etc., into parcels of land and then numbering each parcel, putting the numbers into a hat or whatever was used and then having them drawn out by those who were to occupy the land. Each man took the parcel corresponding to his number, so his land came by lot literally, and hence the use of the term. This, I presume, is ancient history, but perhaps ancient enough to have been forgotten by most real estate dealers and other people who deal in land and not language."

DR. CAMP'S NEW LAUNCH

Placed on the Mississippi River Sunday—He and Louis Sherlund go to Doctor's Farm.

Dr. Camp has provided a means of transportation between this city and his farm that will be a great convenience and will save much time and labor. He has purchased a fine gasoline launch and Sunday placed it on the old Mississippi and it made its initial trip to the doctor's farm north of the city. He was accompanied by Louis Sherlund on the trip.

Having added a full line of staple groceries, canned goods, etc., to our market we ask an inspection and trial. Everything new and fresh. Give us a call.

EASTERN STAR PARTY.

Largely Attended by the Society Folk of the City and it was a Very Pleasant Event.

Last night the members of the Eastern Star gave a dancing party in Masonic temple and of the large number of invitations sent out nearly all those favored were present. Some seventy-five couple took part in the festive dance. Graham's orchestra furnished the music for the occasion.

HALLADAY-BYE.

Two Popular Young People of the City United in Marriage Last Night In East Brainerd.

Last night there was a pretty home wedding at the residence of Mr. and Mrs. John Bye, 1024 Rosewood street, East Brainerd, when Laura Buelola, daughter of Mr. and Mrs. Bye, was united in marriage to Mr. Fred Halladay, son of Mr. and Mrs. George Halladay. Rev. A. H. Carver officiated in the presence of a large number of guests.

The bride was attired in a gown of white organdie and carried a cluster

REBATE ON TOBACCO.

Merchants Busy Today Taking Inventory of Their Stock of Tobaccos Cigars and Snuffs.

The merchants of the city who deal in tobacco, cigars and snuff are busy today taking inventory of their stocks and the reports of the same will be sent to the government at Washington at once.

Section 4 of the act of congress, of March 2, 1901, provides for a discount on sales of internal revenue stamps on tobacco, cigars and snuffs.

The act reads that there shall be allowed a discount of twenty per cent on all sales by collectors or manufacturers of the above mentioned articles provided for the payment of internal revenue taxes on the same.

This means quite an item to many of the merchants who are handling large stocks of tobaccos and cigars in this city, especially in the case of Cleary, McGinnis & Hemstead, who have an unusually large stock on hand.

This law is effective July 1, and the rebate will be allowed on all material sold prior to this time.

MUSIC AND DRAMA.

"TWO LITTLE WAIFS."

"Two Little Waifs," a new play by Lincoln J. Carter, will be an offering at the Brainerd Opera house tomorrow night. By some critics this new product is said to be the best in Mr. Carter's repertoire. Its initial performance in Chicago is reported to have met with signal success. The story hinges about two twin sisters, waifs, bearing a striking resemblance. The fact that they are unknown to each other leads to many misunderstandings and intricate situations. Stanley and Lolita Lamb, two clever little tots, assay the parts of waifs, Miss Helen Carroll fills the dual role of a loveable, affectionate wife, and in direct contrast, the cold-hearted, unscrupulous

Among the out of town guests present were Mr. and Mrs. Richard Warburton, of St. Paul, and Mr. Olson Skau, of Deerwood. The happy young couple were recipients of many valuable and costly presents, prominent among which was a combination book case, which was given by the Machinists' Apprentice Association.

The groom is a machinist and is well known in this city. He is a son of Alderman Halladay, from the Third ward. The bride is a popular young lady in the city and has a large circle of friends. The Dispatch joins with their numerous friends in extending congratulations.

Campbell Bros. Circus Tomorrow.

Tomorrow will be a great day in Brainerd, better than a Fourth of July, for Campbell Bros. circus will be here.

This is one of the many press notices received by this organization: "Circus day comes but once a year in South Omaha. Yesterday the Campbell Bros. circus gave two performances and both were well patronized and highly spoken of by all. The Campbell boys, incidentally, are Nebraska natives, having left their father's farm at Fairbury ten years ago to try their hand at the circus business. They are regarded as thorough showmen, have built up an immense business and their show is noted for its scarcity of grafters and leechers, which usually follow a circus. Last night's performance crowded the big tent to its utmost capacity."—World-Herald, Omaha Neb., Tues., May 27, 1902.

ALL WRONG.

The Mistake is made by Many Brainerd Citizens.

Don't mistake the cause of back-ache.

To be cured you must know the cause.

It is wrong to imagine relief is cure.

Backache is kidney ache.

You must cure the kidneys.

A Brainerd resident tells you how this can be done.

Mr. J. Hagadorn, of 123 Ninth St. north says: "For thirty years I had more or less trouble with my kidneys. Some attacks laid me up while during others my back ached so severely that I could not sleep at night nor work during the day. On many occasions I could not stand and talk to a man for two or three minutes without suffering with twinges across the small of my back which radiated towards the shoulders. As time passed by the complaint became more pronounced and difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks occurred to check them, but if I had met with any marked degree of success I never would have reported to Doan's Kidney Pills.

When suffering severely I went to a drug store and got a box. I expected the results would be similar to those obtained by using other preparations. In twenty-four hours I changed my mind. I noticed they were acting totally different to anything hitherto tried, and encouraged I kept on with the treatment until I finished two boxes. Now I may have recurrences but at the present moment, and it is some time since I stopped the treatment, I have not a symptom of my old complaint. To any one interested I will be only too pleased to give minute details and substantiate the above statement in a personal interview."

ON THE DIAMOND.

The Aitkin sluggers will play a game of base ball in this city with the Brainerd Juniors on July 8 instead of July 1, on account of the rain.

Little Falls will play a game with Brainerd at Athletic park on Sunday, July 13.

In the writup of the game between Grand Forks and St. Cloud Sunday the Journal-Press, after giving the score, 5 to 4, says:

"And every letter and every figure spells steal in brazen characters.

"The St. Cloud independent team was defeated in a ten-inning game at Cass Lake yesterday by the Grand Forks league team and two of three umpires used in the game. One man was thrown out because his decisions were entirely at variance with the facts, and another was bodily displaced by Capt. Tucker when it was learned that he had \$25 placed on the game. The first man was Mossman, the official scorer of the Cavalier team, and the other was a newspaper man of Cass Lake. The first man declared that a hit by Tucker down the inside of the foul line, but which struck a stump and bounded outside the lines, was a foul and Tucker wouldn't stand for this. Umpire Rutledge's offense was that he called Jos. Lynch out on third when he had stolen the bag during a discussion over a point. Rutledge ordered him back to second but Lynch did not hear him and big Jack Page ran over to Lynch and touched. 'You're out,' he yelled, 'ain't he, Mr. Umpire?' and the alleged newspaper man said he was out. Then it developed that he had \$25 on the game and Tucker took him by the collar and led him out. Umpire Tom Larkin finished the game and was decent, but it was too late. The felony had been committed, and the game absolutely stolen by Grand Forks, aided and abetted by two of the rankest umpires that ever attempted to decide points of baseball."

Duluth will have a baseball team in spite of the cold water thrown on it early in the season. When the baseball season began, Duluth lovers of the national sport were jubilant over the team Manager Van Praagh was going to put into the field, but their expectations were unexpectedly knocked on the head by the action of the West End Civic Federation. They were for a time nonplused, but since then have been working quietly and steadily towards giving Duluth some good fast ball. Many of the excursionists who have visited here this summer remarked on the absence of ball here, and were much disappointed over the fact.

Now, however, Manager Van Praagh has got the support of a number of business men behind him, and announces that he will put a team in the field and see what can be done to stop it. His intention was to wait a little while longer before opening up the matter, but the announcement that Andy Porter's intention to supply both Superior and Duluth with baseball changed his decision.

"Duluth needs no help from the outside in baseball matters, and I think that if such action was taken it would seriously hurt the city's standing abroad," he says.

This announcement will be good news to the fans in Duluth, who had about given up the idea of ever seeing a baseball game again.—Duluth Herald.

On the Fourth of July there will be two great games of ball in this city with the St. Cloud contingent. Dr. Watkins will be in the game for the Fourth and Brainerd expects to win both games. Every one knows now what Chas. Bemis is and he will almost sure win his game from the Granite City boys, if he has any kind of support. The games will be played one in the morning and one in the afternoon. The morning game will be called at 10 o'clock and the afternoon game at 2:30 o'clock. The game in the afternoon is called at this hour so that it will give those who desire to go to Gilbert lake later in the day to take in the Trades and Labor Assembly sports may do so. The lineup of the Brainerd team for these two games will be about the same as has played during the past two or three games.

Cancer and Consumption Cured In Duluth.

These diseases cured by the Actinic or Violet Ray Light cure that has been used with great success in Europe and New York City. In the latter place hundreds are being treated daily by this wonderful light. Absolute cures are being effected and all who try it are benefited. The treatment consists in powerful rays of light from a 500 candle power lamp which are passed through condensing lenses and thrown on the affected parts. These rays of light destroy the germs of disease without injury to the healthy tissue. It quickly relieves the pains of cancer, the severe coughing in consumption and heals all running sores. It is absolutely painless. Already a number of Duluth and Superior people have been treated with astonishing results. For particulars address,

FIGHT IN THE SENATE

BAILEY OF TEXAS VICIOUSLY ATTACKS BEVERIDGE OF INDIANA.

MEN ARE QUICKLY PARTED

Assault Resulted From a Heated Con-
trovery During the Afternoon Ses-
sion—Texan Demanded a Retrac-
tion of Certain Statements by the
Indianan and the Latter Maintained
He Had Said Nothing to Withdraw.

Washington, July 1.—Senator Bailey of Texas assaulted Senator Beveridge of Indiana just after the senate had adjourned from executive session. The Texas senator was dragged away and separated from his opponent by some of those about the senate. He was very angry and threatened severe harm to the Indiana senator.

The episode was the result of a heated controversy which the two senators had during the afternoon when Senator Beveridge had said that Senator Bailey had made "an unwarranted attack" on Solicitor Penrose of the state department. In executive session Senator Beveridge, like other senators who smoke, lighted a cigar and took a seat on the Republican side. He was still sitting there when the senate adjourned. Senator Bailey crossed the aisle and walked through the seats until he was facing Senator Beveridge.

"Beveridge," he said, "I don't want to have any trouble with you, but I want you to withdraw those words which charge me with making an unwarranted attack upon Penfield."

"I did not intend to insult you," replied Senator Beveridge, "and there is nothing in my language that you could consider offensive."

"I don't allow anyone to say that I libel a man, and that is what you do in making the charge. Now, if you won't withdraw the words when I ask you, I'm going to make you withdraw them."

Senator Bailey had been getting more and more angry and excited as he talked. He had been sitting down part of the time, leaning against the desk immediately in front of Senator Beveridge. The latter, in reply to Senator Bailey's last remark, still remaining in his chair, said:

"I repeat that I did not intend to insult you and that I have nothing to retract."

As the words were uttered Senator Bailey threw himself upon Senator Beveridge, who is a man hardly up to the average in physique, and

Seized Him by the Throat

with both hands. The rush was so sudden and fierce that the chair in which Mr. Beveridge was sitting was pushed back against the desk and the desk was toppled over. Before the assault could go any further, senators who had been sitting near had moved up between the desks. Senator Hansbrough of North Dakota seized Senator Bailey by one arm and Senator Spooner seized the other. The Texas senator is a powerful man and it was with great difficulty that the two senators were able to drag him away from Senator Beveridge, and when they succeeded a part of the Indiana senator's neckwear was ripped and torn away in the vigorous grasp of Senator Bailey. Senator Bacon of Georgia and Barney Layton, assistant doorkeeper, came quickly forward and assisted in pulling the Texas senator farther away. Senator Bailey meanwhile struggled to get free and again lunged toward Senator Beveridge. As he was a second time dragged away he was heard to utter something that sounded like a threat about killing.

Without further interference, however, he walked away when Senator Bacon urged him to be quiet and led him toward the Democratic side. Senator Bacon engaged Senator Bailey in conversation for some time urging him to cool down.

Senator Spooner also went across the aisle and discussed the matter with the Texas senator, urging him to apologize and if possible mend matters at once, but Senator Bailey refused all such proffers, declaring that Senator Beveridge had insulted him in the senate and that he had taken the only course, as the Indiana senator had refused to withdraw his remarks.

Beveridge Expresses Regret.

Senator Beveridge remained in the chamber for some little time and continued to smoke his cigar. He remarked to those who spoke to him on the subject that it did not amount to anything. He made no effort to resist or resent the attack made on him. In fact, the whole thing was over in a very brief interval before resistance could have been offered.

When Mr. Beveridge was asked if he had any statement to make regarding the assault committed on him by Mr. Bailey, he expressed great regret over what had occurred and said he had no personal resentment over the matter. The conversation between them immediately before the trouble, Mr. Beveridge said, was substantially the same as that which occurred in the senate chamber regarding the attack on Judge Penfield, who is an Indiana man, except that his (Beveridge's) part it was in much milder tone. Mr. Beveridge said that he was not excited, but remained cool and collected and expressed to Mr. Bailey his wish that their relations might continue agreeable.

Mr. Beveridge denied that he had been choked by Mr. Bailey. According to his version the Texas senator made a lunge at him, but his arm was caught by Senator Spooner before the threatened blow landed.

North Dakota Town Wiped Out.

Larimore, N. D., July 1.—The business portion of Conway, a town north of here, was completely wiped out by fire during the afternoon, causing a loss of from \$60,000 to \$70,000. The fire originated in a hardware store, rapidly spreading to adjoining business places.

DAMAGE TO CROPS.

Rain and Cold Weather Brings the
Loss Up to \$7,000,000.

Chicago, July 1.—Dispatches from state boards of agriculture of the great wheat and corn belt to the Record-Herald place the actual damage caused by the heavy rains of the last week at something like \$7,000,000, with the statements that if warm dry weather does not come within a few days the damage will be almost incalculable. Kansas seems to be the greatest sufferer thus far. Secretary Courn of the Kansas state board will give no estimate of the loss sustained by the state, but grain men estimate that 5,000,000 bushels of grain have been destroyed already—a matter of something like \$5,000,000 loss.

Ohio estimates its loss at \$500,000 in wheat and hay, but it is believed that the good done by the rains to corn and other crops will more than offset this loss.

Indiana places damages by rainfall at \$250,000 to \$500,000. It is agreed that the figures are hard to get at because what has been damage to one kind of grain has been a benefit to another. The continuance of wet weather will mean that farmers will find themselves overreached by weeds in the corn fields, that the uncut wheat will be beaten into the ground and that the grain which is now in shock will sprout and spoil before it can be threshed and stored. A hot and clear July is the thing which the farmers are praying for.

From the Northwest comes the complaint that the crop condition is critical, rain having fallen almost continuously since March 15. Wheat has grown immensely in the matter of straw, but is short on kernels, while the corn crop has been retarded to such an extent that it is believed not more than a quarter of the crop will have a chance to mature.

Unprecedented rainfall in the wheat and corn sections of Illinois has been experienced, and crops have suffered greatly, but Secretary Garrard of the state board of agriculture makes no estimate of the loss. More rain must fall in the month just ushered in if the fear of a shortage in crops that appears to have seized upon the board of trade operators is to spread to the ranks of the farmers in the Central and Western states.

BONFIRES TOUCHED OFF.

England Celebrates the Favorable
Reports of the King's Condition.

London, July 1.—The general feeling of relief as a result of the favorable reports of the condition of the king vented itself by the touching off of 3,000 bonfires throughout the United Kingdom which were originally prepared to celebrate coronation night.

The signal to light the fires was given at 9:05 o'clock. A rocket was sent up from the top of the gigantic wheel in Earls court and burst in a cloud of stars a thousand feet overhead. In response to this signal bonfires rose from every elevation of any consequence from the Lizard to the Orkneys. The celebrations were, unfortunately, somewhat dampened by a downfall of rain.

London was not officially illuminated. It had been hoped that the Mansion House, the Bank of England and Marlborough House would join in the celebration, all their illuminating stands being intact, but none of the official decorations were lit up. The display in London in this line was confined to the theaters, the hotels and the business houses on the Strand, Fleet street and other thoroughfares.

ENGLISHMEN VICTORIOUS.

Harvard and Yale Students Defeated
in Amateur Boxing Contests.

London, July 1.—A large number of people assembled at the National Sporting club to witness the boxing contests, held in connection with the coronation sporting tournament, between Harvard and Yale students and English amateurs. All the professional fighters who took part in the contests held last week were present and in some cases they acted as attendants for the American students. All the amateur bouts resulted in victories for the Englishmen, but the Americans gave remarkable displays of gameness.

The first contest was between heavyweights. Dodge of Harvard was considerably smaller than his opponent, Parkes of the Polytechnic Boxing club, who is the amateur heavyweight champion. In the course of the second round of the heavyweight contest both men landed a number of heavy blows. Dodge was the first to weaken, but he fought a resolute third round and at times looked decidedly dangerous. Parkes, however, got the decision on points and Dodge was vociferously applauded for his gallant stand.

CRONJE TAKES THE OATH.

Famous Boer General Now a Subject
of King Edward.

Jamestown, St. Helena, July 1.—General Cronje, the Boer commander, who with his army was captured by Lord Roberts at Paardeberg, Orange Free State, in February, 1900, has taken the oath of allegiance to King Edward. Many of the remaining prisoners are following his example.

Corn Ruined by Floods.

Lafayette, Ind., July 1.—Heavy rains during the past thirty-six hours have caused a rise of twenty feet in the Wabash river. All creeks have overflowed and bottom lands are submerged from one to three feet. Many roads and culverts are washed out. Wheat is in bad shape. Thousands of acres of corn have been ruined by the flood.

Hundreds Driven From Their Homes.

La Porte, Ind., July 1.—The heavy rains of the last few days have caused the Kankakee river to overflow its banks and cover miles of contiguous territory. Hundreds of persons have been driven from their homes. The river is the highest known for years. The crops will be a total loss.

Earthquakes in Asia Minor.

London, July 1.—In a dispatch from Vienna the correspondent there of the Daily Express says earthquakes have occurred simultaneously in twenty towns of Asia Minor, and that many houses have collapsed.

LARGE REWARDS OFFERED.

Wilkesbarre Citizens Oppose Hanging
in Effigy and Boycotting.

Wilkesbarre, Pa., July 1.—The citizens' alliance of Wilkesbarre offers rewards aggregating \$5,000 for the arrest and conviction of all persons engaged in boycotting, hanging effigies and other criminal acts of intimidation prejudicial to the rights of American freedom. A reward of \$1,000 is offered for the arrest and conviction of any one who enters into a conspiracy to boycott any individual, firm or corporation. For hanging anybody in effigy \$500 reward will be paid.

National Board Member John Fallon, who is in charge of Mr. Mitchell's headquarters during his absence, stated that he had information from the Lehigh region to the effect that several small coal companies in the vicinity of Hazleton had posted notices requesting their former employees to apply for their old positions at once lest they should be given to new hands.

The officials of the coal companies operating mines in the Pittston district say that a number of the old engineers and pumpmen have returned to work and that more have applied for work.

RHEUMATISM

CAN ONLY BE CURED THROUGH THE BLOOD

Your rheumatism is just like all others, and for the same reason that they are not cured, you are not cured. There is only one Guaranteed Cure for rheumatism in the whole world today, and that is MEDERINE. Everything else sold for rheumatism is simply "recommended," while MEDERINE has an absolute, bonafide guarantee that it will do the work quickly and thoroughly and not leave a tinge of it behind. There is no mistake about this, for this company is not giving money away for nothing. MEDERINE acts directly and specifically through the blood, and the blood only. It eliminates every trace of blood impurity, goes right to the seat of the trouble and at once removes the cause. We have hundreds of testimonials on file from people who were cured by MEDERINE after paying enough for other "cures" to buy a farm. The longer you trifle with rheumatism the worse it will be for you, therefore do not delay. Write MEDERINE REMEDY CO., West Superior, Wis., for their system of treatment. All letters answered.
